

Nursing Prerequisite Equivalency Guide

The School of Nursing created this equivalency guide to assist students in their prerequisite coursework planning. The following table shows the courses offered that meet our corresponding prerequisite requirements. It is important to remember this is only a guide. It is not necessarily an exhaustive list; other courses may fulfill these prerequisites. We strive to maintain current information; however course numbers and descriptions do change. Courses are officially evaluated as part of the application review process. For any particular course in question not listed below, please send a request for equivalency evaluation to admissions@nursing.wisc.edu.

Prerequisite	Course Options (most common)	Alternative Courses (to satisfy prerequisite)
Chemistry (incl. lab)	CHEM 1010 Medical General Chemistry I <i>and</i> CHEM 1010L Medical General Chemistry I Lab	CHEM 1011 Medical General Chemistry II <i>and</i> CHEM 1011L Medical General Chemistry II Lab
Microbiology	BIOL 1020 Microbiology Lecture	CHEM 1005 Medical Biochemistry CHEM 1020 Organic Chemistry I CHEM 1021 Organic Chemistry II
Human Anatomy	ANAT 1005 Anatomy Lecture/Lab	
Human Physiology (incl. lab)	PHSL 1010 Medical Physiology Lecture/Lab	
Psychology (introductory)	Not available	
Sociology (introductory)	Not available	
Human Growth and Development	Not available
