

Nursing Prerequisite Equivalency Guide

The School of Nursing created this equivalency guide to assist students in their prerequisite coursework planning. The following table shows the courses offered that meet our corresponding prerequisite requirements. It is important to remember this is only a guide. It is not necessarily an exhaustive list; other courses may fulfill these prerequisites. We strive to maintain current information; however course numbers and descriptions do change. Courses are officially evaluated as part of the application review process. For any particular course in question not listed below, please send a request for equivalency evaluation to admissions@nursing.wisc.edu.

Prerequisite	Course Options (most common)	Alternative Courses (to satisfy prerequisite)
Chemistry (incl. lab)	CHMU 102 Principles of Chemistry with Lab	
Microbiology	BIOU 203 Microbiology	
Human Anatomy	BIOU 201 Human Anatomy	
Human Physiology (incl. lab)	BIOU 202 Human Physiology with Lab	
Psychology (introductory)	PSYU 101 Intro to Psychology	
Sociology (introductory)	Not available	
Human Growth and Development	Not available
