

Nursing Prerequisite Equivalency Guide

The School of Nursing created this equivalency guide to assist students in their prerequisite coursework planning. The following table shows the courses offered that meet our corresponding prerequisite requirements. It is important to remember this is only a guide. It is not necessarily an exhaustive list; other courses may fulfill these prerequisites. We strive to maintain current information; however course numbers and descriptions do change. Courses are officially evaluated as part of the application review process. For any particular course in question not listed below, please send a request for equivalency evaluation to admissions@nursing.wisc.edu.

Prerequisite	Course Options (most common)	Alternative Courses (to satisfy prerequisite)
Chemistry (incl. lab)	CH140 & CH144 General Chemistry I with Lab	
Microbiology	Not available	
Human Anatomy	BL285 Anatomy & Physiology I	
Human Physiology (incl. lab)	BL286 Anatomy & Physiology II	
Psychology (introductory)	PS101 General Psychology	
Sociology (introductory)	SC101 Introduction to Sociology	
Human Growth and Development	PS250 Lifespan Psychology
